38

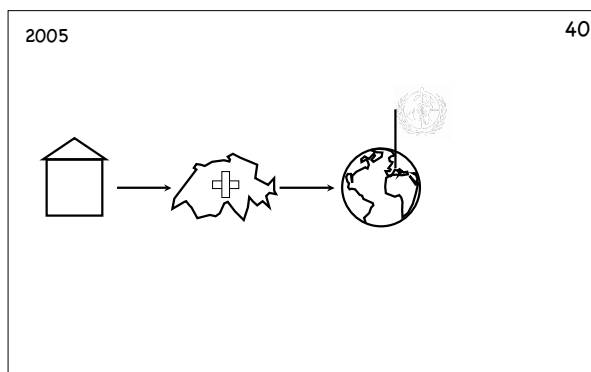

## Lessons learned: +

- User centred tools
- Central development + co-ordination
- Balance between central guidance and local ownership of the campaign
- Political + public support

39

## Lessons learned: -

- Too little time to prepare
- To stop after success ("Hand hygiene = 5 years")
- Under-financing
- Large structures
- Being a doctor

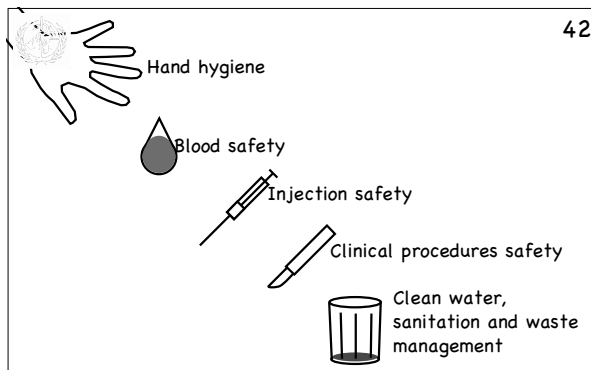

41

 World Alliance for Patient Safety

First Global Challenge

"Clean Care is Safer Care"
