NEWS
Nurses and midwives urged to get the seasonal flu vaccine
Hospital nurses and midwives are among the health workers most likely to have the seasonal flu jab according to new Department of Health data published here.

The Infection Prevention Society
Our vision is that no person is harmed by a preventable infection.
Our mission is to inform, promote and sustain expert infection prevention policy and practice in the pursuit of patient or service user and staff safety wherever care is delivered.

What will Membership give you?

Membership

- of a highly-respected, professional organisation that places patient safety at the heart of its ethos.
- of a network of professional colleagues for advice and support.

Access to

- a directory of members and services with contact details
- the members-only areas of the IPS website
- the discussion board which allows members to post items for discussion on the Society discussion forum
- details and minutes of regional and national meetings
- downloads of documents and presentations donated by members
- free, full-text access to past copies of the Society journal
- local branch meetings where free educational sessions are provided
- specialist interest groups i.e. Audit and Surveillance Forum, Community Infection Control Network, Mental Health Forum, IV Forum

Professional opportunities to

- comment on and critique draft national guidance, giving members an opportunity to influence the final content of these important national documents
- apply for support for educational initiatives, travel awards, the Ethos Award, funding for conference attendance and research awards

Knowledge development

- a subscription to the Journal of Infection Prevention
- personal copy of the Presidents Bulletin, giving local and national information on people and events as well as items of general interest to members
- personal copy of supplements from related professional journals
- discounted rate for the annual conference and exhibition organised by the Society
- access to other IPS organised conferences and events, many of which are free or provided at discounted rate to members
- free access to teleclass Education

Personal development opportunities

- the opportunity for personal and professional development in taking office within the Society from branch to board level
- the opportunity to further develop transferable leadership, marketing and business skills and help build your CV
- the opportunity to represent the IPS on internal committees, such as:
 - Editorial Board
 - Research and Development Group
 - Education and Professional Development Group
 - Annual Conference Scientific Programme Committee
 - Information Technology Group

The opportunity to represent the IPS externally on National working parties and committees
